## NCFA Renews Partnership with Wilson Sporting Goods!

January 19, 2018

**Pittsburgh, PA-** The National Club Football Association is excited to announce that they have extended their contract with Wilson Sporting Goods through 2021. Under the terms of this agreement, Wilson will supply NCFA teams with the “Official Football of the NCFA”, or the Wilson GST 1003 Leather Game Football, for practice and games. All NCFA members may purchase Wilson GST 1003 Leather Game Footballs at member-exclusive prices.

“We are excited to continue our partnership with the NCFA and put the very best, most advanced collegiate-level football in the hands players around the country,” said Tom Berl, Territory Manager for Wilson Sporting Goods. “Our Wilson GST 1003 Leather Game Football is the only ball to offer players ‘game saving technology’. This technology relates to our exclusive leather and patented sewn on stripes and Accurate Control Lacing composite leather laces that allow players to grip, hold, throw and control the ball unlike any other football available today.”

“I’m very excited for our teams to continue using Wilson footballs,” says Joe Shaffer, Wilson Account Manager at the NCFA. “Wilson provides us with quality footballs that allow our players and teams to perform at their very best! I’m looking forward to seeing the 1003 GST model in person and for all our member teams to get their 6 FREE footballs!”

Each Wilson GST 1003 Leather Game Football is handcrafted at the Wilson Football Factory in Ada, OH, and carefully constructed and molded to ensure the truest flight paths and spirals in the game.

The Wilson GST 1003 Leather Game Football is the number one football selling in the United States. It is used by more than 180 NCAA programs and nearly 40 state high school football associations.

When ordering, teams have the opportunity to customize their Wilson GST 1003 Leather Game Footballs with their team name and the NCFA logo. Teams looking for more information about ordering should contact Joe Shaffer at 412-321-8440 x106 or at [Joe.Shaffer@CollClubSports.com](mailto:Joe.Shaffer@CollClubSports.com).
