## NCFA Football Special Promotion for LIMITED TIME ONLY

For the next two weeks only, any official NCFA footballs ordered will receive your team name laser engraved on the ball at NO ADDITIONAL COST. For the flat price of \$50.00 per ball, which includes shipping, NCFA member teams will receive a Rawlings ST-5 Official NCFA Football adorned with the NCFA gold foiled logo as well as the team name laser engraved on the ball. So be sure to act fast and call Pete Chalfin at (412) 321-8440 x105 or e-mail him at [Pete.Chalfin@CollClubSports.com](mailto:Pete.Chalfin@CollClubSports.com) to order your footballs today! Only orders of six or more footballs are eligible to receive the free laser engraving of the team name. The last day for this promotion will be Friday, July 8.

Rawlings has been in the Football Business for over 100 years, making their first football in 1899. Over the past century, Rawlings has been able to develop their footballs that demand performance and durability. Given the Rawlings football tradition, it gave CollClubSports and the NCFA 100% confidence that Rawlings footballs were the best for the NCFA and its teams.

Before the ST5 became the "Official Preferred Football" of the NCFA, all teams in the league were sent a Rawlings ST5 as well as an ST5 Pro Preferred football. They were then asked to try out each football and decide which football they preferred. It was a close vote with the NCFA member teams, but the ST5 came out on top and thus named the "Official Football" of the NCFA. With the ST5 football having an extremely durable full grain deep pebbled Horween leather shell, Soft Touch Technology, thick lace for an improved grip and the minimum allowable circumference, the ST5 will be sure to impress with its consistent performance. The ST5 is also the Official Football of the NAIA and the NJCAA.

"Here's just another example of how dedicated Rawlings is to the growth and success of the NCFA," said NCFA President Sandy Sanderson. "No one else could put together a football program like this. The highest quality footballs, NCFA logo's on every ball, no minimum order quantity and no shipping cost! These are just some of the reasons why we are so proud to partner with Rawlings as the Official Football of the NCFA."

Again, only orders of six or more footballs are eligible to receive the free laser engraving of the team name. Orders of less than six NCFA footballs can still be made, but they would only have the NCFA logo on them, without the team name. To order your footballs all you need to do is contact Peter Chalfin with the NCFA at 412-321-8440 x105 or by emailing Peter at [Pete.Chalfin@CollClubSports.com](mailto:Pete.Chalfin@CollClubSports.com).
